PAE Middle School students also have the chance to expand upon their creative and artistic skills by joining an art or music theory class, where they can build their own ukuleles from scratch. Finally students can also join a number of physical education classes, like boxing, yoga, or surf P.E., all of which allow them to decompress, burn some calories and keep their bodies in tip top shape as they grow!

Pacific Academy Encinitas is a safe, secure and enriching atmosphere that always challenges our students to grow as human beings. Whether utilizing quadratic functions in math, reading *Of Mice and Men*, connecting the journey of Lenny and George to social tragedy and the Great Depression, playing *Let It Be* on an ukulele they made with their own hands, surfing a wave at Moonlight Beach, or dissecting a frog in science class, middle schoolers at Pacific Academy Encinitas will no doubt have a unique developmental experience as both students and as conscious global citizens.

Community. Collaboration. Happiness.
